SCHEDULE I-13

The Victory Electric Cooperative Association, Inc.

(Cooperative)

Replacing Schedule I-11

Rural Territory

(Territory to which schedule is applicable)

which was issued November 30, 2010

The cooperative's bylaws, rules and regulations are supplemental to this tariff and are incorporated herein.

Sheet 2 of 3 sheets

**Horsepower Billing Procedure:**

The annual horsepower charge will be billed according to the following schedule.

- Initial 50% billed in April.
- Additional 25% billed in May.
- Remaining charges billed in June.

**Determination of Horsepower Connected:**

The horsepower connected for billing purposes shall be the manufacturer's nameplate rating of the motor, except that, if the Cooperative so elects, it shall be based on actual measurement of power input during a period of maximum normal use.

**Load Management Credit:**

The Cooperative has a load management rate in effect and is available to those who qualify and agree to participate in the program. Substantial discounts from the above rate can be earned by participating in the program.

**Minimum Annual Bill:**

The minimum annual bill shall be the highest of the following:

1. \$25.00 per horsepower connected per year, but not less than \$250.00.
2. Charges as determined by the Line Extension Policy.

The anniversary date of all contracts under this schedule will be January 1 of each year.

If a contract is first entered into on a date prior to September 1 there shall be no proration of the annual minimum bill or advance payment. Subsequent to September 1, proration shall be that portion of the year the contract is in effect.
