Horsepower Billing Procedure:

The annual horsepower charge will be billed according to the following schedule:

- Initial 50% billed in April.
- Additional 25% billed in May.
- Remaining charges billed in June.

Determination of Horsepower Connected:

The horsepower connected for billing purposes shall be the manufacturer's nameplate rating of the motor, except that, if the Cooperative so elects, it shall be based on actual measurement of power input during a period of maximum normal use.

Minimum Annual Bill:

The minimum annual bill shall be the higher of the following:

1. Charges as determined by the Annual Horsepower Charge.
2. Charges as determined by the Line Extension Policy.

The anniversary date of all contracts under this schedule will be January 1 of each year.

If the contract is first entered into on a date prior to September 1, there shall be no proration of the annual minimum bill or advance payment. Subsequent to September 1, proration shall be that portion of the year the contract is in effect.

Condition of Service:

Motors having a rated capacity in excess of ten horsepower (10 HP) must be multi-phase, unless otherwise approved by the Cooperative.

Terms of Payment:

In accordance with the Cooperative's Rules and Regulations.
